

GASKETED WALL/CEILING JOINT COVERS

JOINTS TO 150MM – MOVEMENT UP TO +150MM AND -105MM

- Wall and ceiling joint applications
- Single or dual gasketed models
- Replaceable gaskets
- Interior applications only
- Suitable for most wall and ceiling finishes – frame configuration variable to suit selected finish

How it works

FGFS series

Surface mounted wall joint covers suitable for all wall finishes. Easy installation.

Wall to wall covers				Corner wall or wall to ceiling covers			
Model	Joint width (mm)	Exposed surface (mm)	Movement ± (mm)				
FGFS-80	20	105	±3	±1	±1		
FGFS-100	25	110	±5	±5	±2		
FGFS-200	50	130	±10	±10	±3		

Colours and finishes
Aluminium sections are clear anodised as standard. C/S TPR Gasket is available in four standard colours‡. Other colours can be supplied subject to minimum quantity.

Accessories
Optional Fire Barriers and Acoustic Barriers, see p.44-45 for details.

Complementary floor joint covers
GFS(W) series p.9

FWF series

Flush fitting joint covers suitable for dry lined walls or ceilings. Side frames are surface mounted to the substrate and are slightly recessed to allow taping and jointing. Ideal for applications where minimal visual impact is preferred and/or where hygiene is important
